BIG VALENTINE DANCE

COMING EVENTS

Fellows and gals stay here this week end! The reason...there's going to be recreation in the gym---ping pong, volley ball, badminton and some all around fun. Every one come because the boys will battle against the girls. And Saturday night is the big night. First of all there will be two games with Wesley College and after them an informal dance (not dungarees, just sweaters and skirts). We know how you all like to cut a rug, so how's about it? Let's everyone stay this weekend and give our teams the greatest support they have every had. They'll do us proud, if we do right by them. We'll see you all here over the weekend and 'specially on Saturday night.

Attention new students!

There will be an informal tea in the Social Room, Wednesday, Feb. 12, 1947, from three thirty to four thirty P.M. New students are especially invited to attend, but all are welcome who wish to come. The purpose of the tea will be to give our new students a chance to get acquainted with each other and the rest of us. It is hoped that all who can come will be there to help make it a social success.

Music lovers, attention!

The Wicomico High School Boy's Band will give a concert in the school auditorium on Friday, February 14, 1947, at 8:00 P.M. All those who heard the band in last Thursday's assembly and would like to hear the band again will be glad this. Tickets will be on sale at the door.

Although many of the minor details are yet to be decided, the biggest dance of the year is readily taking shape with Wendell Potter heading the Dance Committee. The dance is to be held in the school gymnasium on St. Valentines night at 8:30 and is semi-formal (ye gods, another corsage). The name of the orchestra has not yet been released, but we have an inside tip that the Dance Committee is trying to contract Lou Startt for the gala affair.

Other members of the committee are: decorations, Bill Woolston; refreshments, Pauline England; programs, Kathleen Fitzgerald; and publicity, Dorothy Jane Melson. The refreshments will be served in the cafeteria under the protecting eyes of Diana, Goddess of the Hunt.

In the past years, the St. Valentines Day Dance has been the most colorful and picturesque of all the social events, as well as the most enjoyed. We know not whether this is due to a post-exam jubilation or to the spiritual presence of Cupid, but it is certain that some unseen factor annually controls the success of this dance. Bill Woolston promised to produce even better decorations for this hop than were produced for the proceeding ones, although that seems virtually impossible to the students who viewed the talented results at earlier dances. His design and plans are still highly secret.

Knowing this, you fellows had best get on the ball and obtain that date with the sweet little dream girl early. The registering sheet is on the bulletin board in the Social Directors office, so sign up now!!

Symphony Concert

Tuesday evening in the auditorium, the Community Concert Association presented the Baltimore Symphony Orchestra under Reginald Stewart's direction in a program of works by Bach, Tschaiikovsky, Toss, and Bizet.

Regarded as one of the best orchestras of its kind in the nation, its performance Tuesday night was certainly in keeping with that opinion. The musician's tonal quality was excellent and they always responded precisely to their conductor's demands.

Mr. Stewart, conducting without benefit of score, gave a sympathetic interpretation of the selections presented. After the scheduled program, he and the orchestra graciously gave two encores in response to the audience's enthusiastic applause.

Perhaps the only criticism that one could make was in regard to the brass section of the orchestra. Its tones were sometimes harsh and grating to the ear and it was not always sure of itself in solo passages.

There is no doubt, however, that S.T.C. and Salisbury were privileged to hear this fine orchestra. It would be fortunate if it could be engaged for another concert next season.

Band Plays At Assembly

On Tuesday afternoon in assembly the band of the Wicomico High School gave a very enjoyable concert. Playing a mixed group of numbers including marches, popular, and classical selections, the band showed that it was well trained. It responded vigorously to the leading of the band-master and played enthusiastically and smoothly. They are a credit to their school and community. It is hoped that they may give another concert here at the college in the not too distant future.

Is this poetry???

He kissed Helen

Hell ensued

He left Helen

Helen sued.

THE SAGA OF MISS GROVE
or
HER HEART WAS YOUNG AND GAY

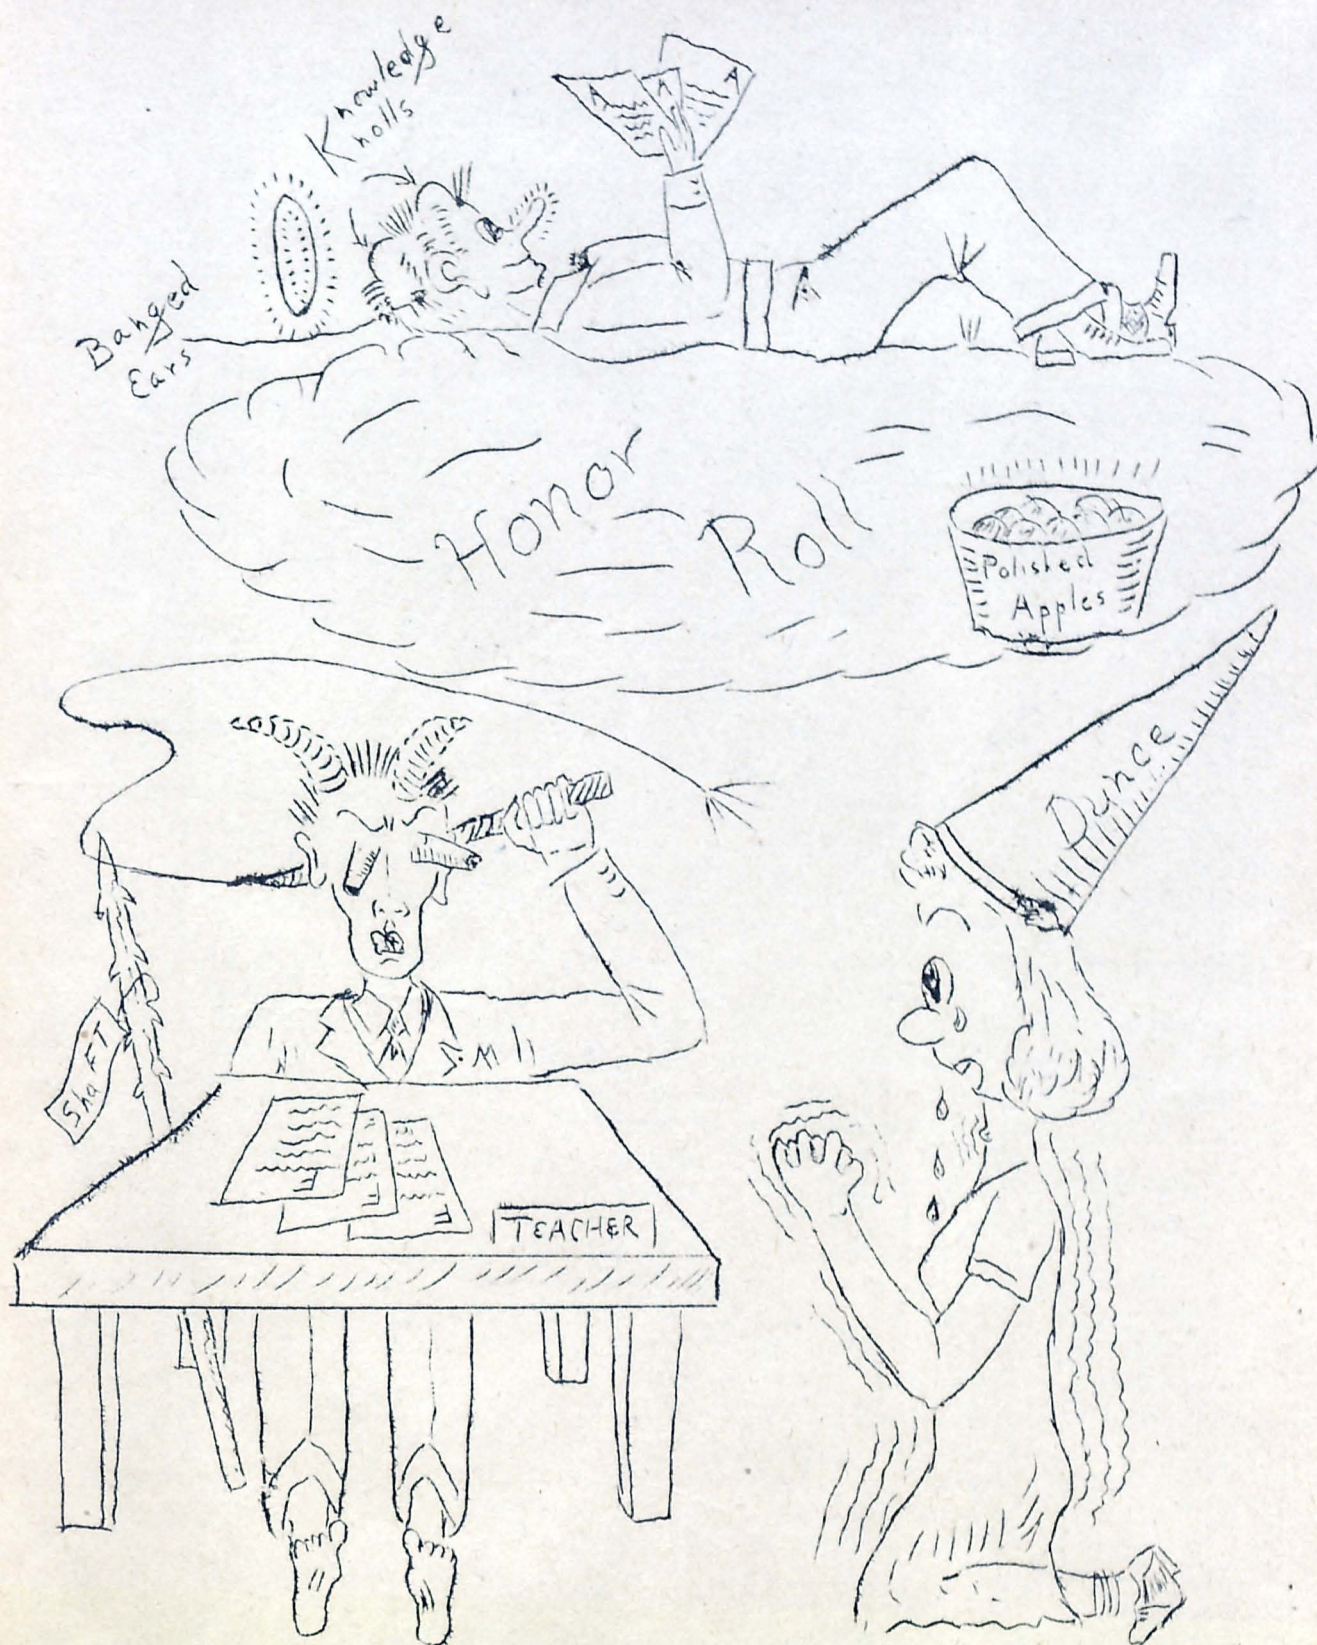

There aren't many of us who know anything about the life of Miss Grove, our dietitian, so here is the result of your reporter's interview with her.

Miss Grove received her primary education in a country school in Washington County and went to high school in Hagerstown. Those were the days before school buses, so she took a train on the B & O Railroad back and forth to school. Her favorite class was--you guessed it--Home Economics and she began seriously thinking of this as a possibility for her career and we know the result. Hood College was her choice/for college preparation in this field. After two years of study there, she attended University of Maryland where she minored in Institutional Management. Her parents discouraged her inclination in this field, however because they wanted her to teach in nearhome. She then attended Penn State; then Kansas State Agricultural College where she became an assistant in the cafeteria.

"There's no place like home" was Miss Grove's theme song then. She went back to Hagerstown to find a position as Home Economics teacher there. Soon afterward she was sent to Baltimore where she lived while she taught in three nearby towns. During the course of her teaching, she was shocked to find how little some of the girls knew about taking care of a home.

The high point in Miss Grove's life so far seems to be her trip around the world. At the invitation of a missionary friend, she packed her bags and started for China. She and her friend saw the sights there and proceeded around to Cairo, Naples, Switzerland, Belgium, and England. Soon she was aboard ship again and back in the good ol' U.S.A. It wasn't long before she was teaching again, this time in her own home county. After seven years of teaching Home Ec. there, she received a letter asking her to be dietitian at S.T.C. in Salisbury. You know the rest.

Miss Grove says she especially enjoys handwork--knitting, crocheting, and sewing. Regarding recreation, she enjoys good music and pleasant movies. What else does she like? S.T.C. and the people who go there!

"The Finals"

SmPw

Since this is our first column, let's just discuss general fashion notes. Have you seen the new nylon sweaters? There are guaranteed not to stretch or shrink... in other words they will keep their shape before and after washings. They're so soft and silky feeling, just like nylon hose. Not very expensive either and they come with the new short sleeves and long torso.

It seems the girls here at S.T.C. are thrilled over our new male students. Better watch them fellows--! They're dangerous.

It's nearly Spring and still it's hard to find new romances around here. So if anyone hears of any, please let's know about it.

Don W. and J.S. are doing fine. Keep it up. It is rumored that Reds C. and J. G. are going steady. Watch him J., he's a Romeo!! After two months of wishing Lynn B. received her with--right Lynn?

What has happened to our girls in the Dorm? From the crowd in "Study Hall", I'd say they wouldn't make good housewives.

W.P. has just got it and so the ladies say. So don't let them down Potter. What would Boy do without Edgar? Has anyone noticed how much mail Bill L. gets now? The thanks goes to Ellen.

Our quiet Tommy B. or should I say T.O.B. is quite a guy--and girls! he isn't really so modest after all.

Three of our students think Delmar is quite a place. So Bobby C. for further information. Lloyd H. wants me to inform anyone wondering where to buy a gallon of gas anytime--just see Hop!

I wonder what would happen if:

Eddie E. acted sensible and couldn't sing "Open the Door, Richard"?

F. Heilig would bring a girl from the dorm to a formal dance?

Jean B. couldn't see H. T.?

Sis W. stopped talking about George?

Jean D. Didn't stay true to Palmer?

Bill H. wasn't broke?

Emily G. didn't have cigarettes?

Conie and Sandy stopped liking "I

Don't Know Why"?

Bill A. got a hair cut on time?

Frank I. and Melba C. acted sensible?

Dot H. couldn't giggle?

Curt L. couldn't laugh?

Aud. S. Settled down?

Lobby C. couldn't dance?

The stores didn't sell "bleach"--this
prefer to boys also?

Why do little ducks walk softly???

Answer:

Because they can't walk hardly!

Also, how about matching shirt, skirt, and slacks set for the spring. The shirt can be worn with both the skirt and slacks. It can be worn inside or outside with or without the belt. Very new and smart this spring are red and grey in these matching sets--nuff said--gals...

A word to the wise is sufficient, so the old axiom states. Well, here goes. Girls, find out the kind of clothes your man likes for you to wear and what he thinks looks best on you, and then wear them. After all we're here to please them so why not try it. Of course, you'll have to be subtle in finding out what "o" likes but brother, the results-----

The stores are all featuring light-weight jewelry for sweaters for the spring. Silver and gold will still be the most popular, we're sure.

Playtime shorts (and gym shorts) are now being made with tights. The principle is very much like bathing suit shorts..... the tights are attached to the waist band (one long low whistle!)

To keep perfume from spotting your prettiest dresses try putting cotton soaked with perfume inside your ear rings. Some bead shaped or ball shaped ones are especially made for this. Also, if you take cotton soaked with perfume and pin it to your slip straps the odor will still be distinguishable but not overbearing. Do try -----M-M-M-M-M-M-????????

Let's take a tip from some of the more fastidious upper class men, girls and look at your shoes...others have to. Kiki is an excellent polish as it stains, making shoes appear new again, and really shineswith a little elbow grease.

Whoops, there I go again just blabbering away about my favorite subject, fashions. Sooooo see you later, gals!

BOY'S SPOTLIGHTS

Now that the second semester has rolled around, it is rumored that Coach Maggs will have a few more athletes to put on the old basketball court. Lets hope so!

So far, our season has just been perfect. It seems that the chief difficulty has been in not having enough capable players. With the enrollment of Eddie Howbray, Walter Potter, and a few others we should be able to keep a top-flight squad on the floor.

The players that we have had have worked hard to give the school a winning team and deserve a great deal of credit. Although they have been able to hit the win column only three times, they have played good clean ball and proved themselves good sports. Athletics in a college are carried on primarily with this thought.

The stellar back-court play of Marshall Moore, Joe Elzey, and Buzz Powell has kept the oppositions scores low. At the scoring end there is the dependable Wendy Potter, a thorn in any teams defense. He has rung the bell for 154 points in nine games for a 17.08 average. Noticeable also, has been the floorwork of Bill Woolston.

The J.V. five has yet to taste defeat. They hold victories over Hurlock townteam, Ocean City, Berlin, Pocomoke, and Crisfield.

The scoring threats on the squad are Arnold Cohen, Morris Williams, and Ames Byrd. In the backcourt we have Don Windsor, Sonny Heilig, Jim Forester, and Bob crumbacker.

The boys in the maroon and gold will keep on playing good ball; you keep on yelling for them at the games.

S.T.C. Smashes Crisfield "Vets":

Monday night the boys' Varsity won third their win of the season. After a slow-moving first half the game picked up and C Crisfield went down in defeat 40-25. Noticeable to everyone was the playing of the teams new members, Eddie Howbray and ~~skikk~~ Walter Potter showed excellent form and skill in their good all around playing. After a rather rough season it looks as though Coach Magg's Boys' are going to retaliate by winning their return games.

S.T.C. GIRLS SPOTLIGHTS:

The season so far show five victories and one lose for Miss Jamart's girls and, take it from me, it isn't because we haven't had stiff competition. The Schlischer girls have had our backs to the wall in both our games with them. Each time we have pulled through victori ous by uncomfortably narrow margins. The first game wi with them ended with the score at 22-23 and the second 21-19.

It is the opinion of most of the girls that our strongest opposition is in the future.

All the girls have shown outstanding form and true sportsmanship throughout the season. Ellen Parks' ability to make impossible shots has been indispensable to the fine record wh we have set up. Ruth cloak has applied pass work to its best advantages and Martha White, though she uses a form that is witnessed on the court not more than once in a lifetime, gets excellent results. Jane Spies has played a steady game, however, she has left us and gone into Nurses' Training at Easton.

Louise Bosely has been the outstanding guard all season and it may be well to note that she does alright as a forward when the girls up front got tired.

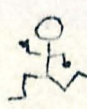

Added to our list of potentials are the LeCompte twins of Hurlock, who have just enrolled for this semester, and I have been told that they are strictly on the beam.

GIRLS -

GAME SCHEDULE

GAME SCHEDULE

February 5	Cambridge	away
8	Wesley	home
11	Easton	away
17	Blue Hens	pend.
28	Easton High	home
March 7	Wesley	away
	University of Delaware	pend.

JUST FOOLISHNESS

College Dictionary

Physics Lab--place where you learn
less and less about
more and more, oftener
and oftener.

Exams-----Why bring them up?

Optimist-----An obsolete senior.

Cafeteria----Memorial to the god of
Indigestion.

President's Office--Sweet Box.

Faculty-----Educated slave-drivers.

Infirmary----Last stop on earth.

Holland: Dot, have you ever taken
chloroform?

Melson: No, who teaches it?

Mrs. Fleming: Littleton, is that
the best translation you could get?

Charlie: It was the best I could get
for the money.

Mr. Glenn: What happens when a body
is immersed in water?

Gosnell: The phone rings.

Classified section

Wanted: Capable, young, intelligent,
and beautiful secretary and
housemaid. Able to take care
of large correspondence and
to perform domestic duties.
Apply-Joe Fuller, Born.

To Sell: Three slightly used soup
beans. See-Fred McGee.

Is it something that your best
friend won't tell on you? Are you a
wall-flower at parties? Why not be
the life of the party? Get one of
Bob Benson's original joke book to-
day and be a joker.

Poet's Corner

If I were an egg sitting in a tree,
When you came by I'd scatter you
with me,

Then the yolk would be on you!

A nut at the wheel,
A peach at his side,
A turn in the road,
Oops, Fruit salad!

Over heard in the girls dorm--
Both handsome and dumb, my own
true love should be,
Handsome so I'll love him, dumb so
he'll love me.

Thirty day hath September,
And all the rest I don't remember.

Things we never expect to see at S.T.C.

1. A tunnel from school to "The
Twice Lanterns".
2. Jessie Pollitt with a shave.
3. Beer in the drinking fountains
4. Butler and maid service in
the dorms.
5. Ruth Cloak with curls.
6. Joyce without Benjamin.
7. Wendell Potter shouting France!
8. The front steps without butts.
9. Frances Pierce with a serious
expression on her face.
10. Edith Vincent without a stack
of books a mile high.
11. 100% attendance at assemblies.
12. Empty beau corners after dark.

Exclusive!

Cap Workman^{and} his orchestra are going
to play for the Valentine Dance.
So, it's not Lou Startt, kiddies,
but a band that is every bit as good.

The Sohanes Players are going to
hold tryouts for their play next
Monday night. The play is Berkley
Square and Mrs. Fleming is to be
the director. So all of you actors
come and see if you can get in the
play.
